"We've seen a lot of successes already! There are two boys in particular who come to mind; since using Clicker they are able to work so much more independently, and their confidence is really growing now that they're not reliant on having an adult beside them to help. After 20 minutes of writing, they actually have something to show for it, rather than a blank page and the frustration of never quite getting started."

Suzanne Lazarus, Inclusion Leader, Colindale Primary School
