Additional statements demonstrating CENMAC's response during the pandemic.

# After some remote technical advice:

*"Thank you so so so much for this outcome, I truly appreciate the swift approach and results. A huge thank you, to both of you, your assistance has made a remarkable difference".*

## A parent's comments:

*"I am so impressed by your dedication and commitment, your help has been amazing during this lockdown."*

## Parent of a home educated student:

*"We also wanted to thank you for the support from CENMAC which is always invaluable but especially so at this time. Jack's device for home tuition arrived a short time before lockdown began and has worked extremely well for him. He has been able to study for 5 GCSE's, English language and literature, maths, triple science and film studies. The device has enabled him to store all his work and interact with his tutors, which has been important for Jack during lockdown to be able to speak to them. His confidence has soared and he has made great progress, so thank you."*

# Words from a SENCO:

*"That's amazing, thank you, especially for answering during your Easter break."*

## Feedback from a SALT assistant after a remote training session:

*"Thank you so much for your demonstration yesterday. I think you could probably tell - you slightly blew our minds!"*
