

## Me, Dragon and Eye-Gaze Transcript

Three, Two, One go!

My name is Hicham and I'm from Algeria, nice place, nice sunshine.

I came here because I use my device communication skills.

I am eighteen years old. I like swimming. I like to meet new friends.

I'm funny. I'm a comedian. Make people laugh.

And this is my fourteenth year and I'll be leaving this summer.

I use Dragon for open word it means like I can type.

When I use my eyes as a keyboard it is really, really, hard but with Dragon speaking "wake up open word".

Today I am doing filming, is an interesting experience. Full stop. New line. Read that.

"Today I'm doing filming and it's an interesting experience".

And that's it really thank you very much. This is a final year goodbye. Thank you.

Stop and cut.
