24th October 2025

Dear Mrs Chips,

I hope this letter finds you well. I am writing to express my concern regarding the quality of the food served in our school cafeteria. It has come to my attention that the meals provided are not as palatable as they could be, which has been a cause of dissatisfaction among many students, including myself.

The current menu, while nutritious, lacks the appeal that would make it enjoyable for us students. The vegetables, in particular, are often overcooked, resulting in a less than desirable taste and texture. I understand the importance of a balanced diet and the role of vegetables in it. However, I believe that the preparation and presentation of these meals could be improved to make them more appealing to the students' palate.

I would like to propose the inclusion of more popular, yet healthy, food options such as whole grain pizza and grilled chicken burgers. These meals, while enjoyable, can also be nutritious if prepared with the right ingredients. I trust that you will take my suggestions into consideration. I believe that by improving the quality and variety of food in the cafeteria, we can encourage healthier eating habits among students and create a more enjoyable dining experience.

Thank you for your time and consideration. I look forward to seeing positive changes in our school cafeteria.

Yours sincerely,

Handwritten Signature

Brandon Sparks (Master)
